

## **Public Tender No. 07/2016**

**Title:** Study of the Applicability of the Method of Molecular Adhesion in Improving Quality of Extrusion Rubberising and in Joining Metallic and Polymeric Materials

**Reference No.:** 07/2016

**Date of Publication:** 29<sup>th</sup> September 2016

**Type of tender:** services

**Place of Realisation:** VIPO a.s., Gen. Svobodu 1069/4, 958 01 Partizánske, Slovak Republic

### **Annotation:**

- 1) Study of the affinity of prospective coupling agents to the surface of steel and selected metal alloys realised in the period October 2016 – September 2017
- 2) Laboratory trials and optimisation of the application of selected coupling agents in improving quality of extrusion rubberising and in joining metallic and polymeric materials realised in the period October 2017 – September 2018

Detailed technical specification of the object of the tender will be provided to the participants on request.

### **CPV Code of the Main Object of the Tender:**

73000000-2 Research and development services and related consultancy services

### **Expected Value of the Tender:**

- Total: up to 12 000 EUR divided as follows
  - Part 1: up to 7 000,- EUR, payable in one instalment at the end of the period of realisation
  - Part 2: up to 5 000,- EUR, payable in one instalment at the end of the period of realisation

### **Period for Submitting Offers:**

- start: 29<sup>th</sup> September 2016
- end: 7<sup>th</sup> October 2016

**Form of offer:** mail or e-mail to the addresses:

- VIPO a.s., Gen. Svobodu 1069/4, 958 01 Partizánske, Slovak Republic
- joravec@vipo.sk

**Date of evaluation of offers and notification of applicants:** 7<sup>st</sup> October 2016

**Form of notification of applicants:** e-mail

### **Criteria for Offer Evaluation:**

- meeting specific conditions
- lowest price

**Specific Conditions:**

- meeting technical specification of the object of the tender provided to the participants on request

**Providing Information of Technical Character:**

Ing. Ján Oravec, CSc.

senior research worker
